

SCHEDA PRODOTTO

OTRAS MAQUINAS - ELECTRO RECALCADORAS

FTB ER 1301 MVR

Estado:	Usado
Codigo:	MMAM002
Productor:	FTB
Diametro piezas:	16 - 40 mm

Horizontal electric upsetting machine with fixed anvil. Hydraulic pusher (hammer) with proportional thrust control.

Fixed or mobile hydraulic anvil with proportional thrust and retraction control.

Three-phase power supply, with electronic regulation of the heating current.

Nominal electric upsetting power (transformer): 130 Kw

Power supply: 380-50-1 V - Hz - phase

Min. ÷ max diameters that can be recalculated / max length of pieces: 16 ÷ 40/1000 mm

No. of vices: 1

Hammer working stroke (pusher): 500 mm

Anvil working stroke (feedback): 200 mm

Vice closing stroke: 100 mm
